WEATHER DEFENDER

PREMIUM GARAGE DOOR SEALS

Discover The Ultimate Garage Door Threshold Seal

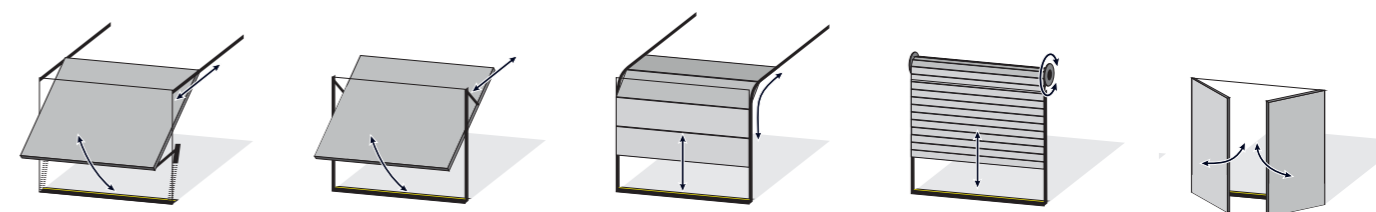

Weather Defender

Weather Defender is designed to protect your garage from leaves, dust, debris, rodents and rain by creating a seal between the garage door and floor.

Produced from a high quality, durable, marine grade PVC that can withstand driving over by cars, forklifts or commercial vehicles, equipped with inflatable or solid rubber tyres. The bigger Weather Defender XL can be used in industrial environments with heavier traffic and is perfect to fit wider industrial door profiles. Unlike any other floor seal on the market, ours won't perish or deflate over time!

- > Stops rainwater, draughts, leaves and rodents ...
- > Keeps your garage clean and dry
- > Forms a weatherproof seal
- > Suitable for various sizes of gap
- > Available in pre-cut and trade lengths
- > Easy-to-fit with instant results
- > Rigid, highly versatile and designed to last
- > Made from high quality marine grade PVC
- > Solid design with no hollow chambers

Fits All Door Types

WEATHER DEFENDER

PREMIUM GARAGE DOOR SEALS

Features & Benefits

- › **Stops rainwater, draughts, leaves and rodents**
Keeps your garage dry and clean year round
- › **Unique solid PVC design with no hollow chambers**
Meaning it won't perish or deflate over time
- › **Near symmetric design to reduce trip hazard**
Anti-slip ridges and high visibility yellow safety strip
- › **Fixed using strong adhesive - no drilling required**
Deep grooves at the base help even greater bond for long lasting effect
- › **Our adhesive is specifically tested with the product**
Can be used even in damp conditions !
- › **The seal will follow the contour of the floor**
Perfect for uneven floor surfaces

Registered Design No. 6014639 & 002096420

The most unique and versatile garage door threshold seal on the market

Weather Defender has been designed and manufactured exclusively in the UK to be the ultimate garage door threshold seal.

If you are tired of sweeping leaves out of your garage or having rain water trickle under your garage door, then Weather Defender – the ultimate garage door threshold seal is the perfect solution for you.

Suitable for all garage door types with instant & continued results.

Our Garage Door threshold seal kits include weather stripping adhesive to secure the threshold in place and provide a watertight seal between the bottom of the garage door and the floor. Easy to follow, step-by-step instructions are included with every kit.
